

**PRODUCT DATA SHEET**

**921**  
PRIMER - CLEANER

**DESCRIPTION**

921 is a solvent primer-cleaner for use on all classes and schedules of PVC and CPVC plastic pipe and fittings. It will clean and remove oil and dirt from the bonding surfaces, as well as soften and prepare the surface of the pipe and fittings, providing better bonding surfaces for solvent cement when it is applied. 921 meets 'LOW-VOC' requirements, as outlined by SCAQMD 1168/316A.

**APPLICATION**

921 is a primer- cleaner that is to be used in conjunction with appropriate cement product.

921 is manufactured to a high standard to ensure a quality product. A sample is kept from each batch to verify the quality of *Arrow* products.

Follow the directions on can label. Additional information is available upon request. Skill and knowledge on the part of the user is required to make a good quality joint.

**SAFETY PRECAUTIONS**

**EXTREMELY FLAMMABLE.** Do not use or store near heat, sparks or flame. Use only in well ventilated area. Keep container closed when not in use. Avoid prolonged breathing of vapor. Avoid contact with skin and eyes. In case of skin or eye contact, flush repeatedly with water. Get medical attention if irritation persists. If swallowed, drink water, do NOT induce vomiting and call a physician. Keep out of reach of children.
